Dear Ron:

We just received notification from the PTO (via Morgan Lewis) that a new declaration must be filed in this case by November 27, 2006, with no extensions available. The problem with the original Declaration is that while the inventors all don't have to sign the same document, any document they do sign must include a listing of all inventors listed on the application (which is why the PTO rejected the originally filed Declarations).

Attached is a new Declaration for signature by the inventors. Please have the inventors sign and date this document as quickly as possible.

We will send Drs. Hein and Hiatt (who are cc'd on this e-mail) a copy of the Declaration via Fedex with a returned-paid Fedex envelope

Dear Ron:

We just received notification from the PTO (via Morgan Lewis) that a new declaration must be filed in this case by November 27, 2006, with no extensions available. The problem with the original Declaration is that while the inventors all don't have to sign the same document, any document they do sign must include a listing of all inventors listed on the application (which is why the PTO rejected the originally filed Declarations).

Attached is a new Declaration for signature by the inventors. Please have the inventors sign and date this document as quickly as possible.

We will send Drs. Hein and Hiatt (who are cc'd on this e-mail) a copy of the Declaration via Fedex with a returned-paid Fedex envelope
